Press Release

INTRODUCING 21CONNECT

Setting a New Standard for Online Life Insurance Portfolio Management – 21CONNECT

Minneapolis, MN January 23, 2014: Today, TwentyFirst—a leading provider of insurance portfolio management, policy analytics, life expectancy underwriting and related insurance services—announced the launch of its new online portfolio management platform. “**21CONNECT** is a state of the art, flexible portfolio management platform, which complements our experienced team of insurance analysts and servicing professionals,” stated Ralph Medici, Managing Director of TwentyFirst. **21CONNECT** combines full policy and insured servicing tools, mortality data and historical underwriting information regarding the insureds in our client’s portfolios. These developments are the culmination of 12 months of information technology development conducted by TwentyFirst.

21CONNECT will benefit any owner or manager of life insurance portfolios by providing them unique tools to analyze, manage and enhance the performance of their policies.

Features within the new 21CONNECT platform include:

- Exclusive access to our Actual to Expected calculator –The A to E calculator gives clients access to underwriting data on over 90,000 unique lives
- Real time access to insured and policy data
- Detailed insured and policy reporting
- Advanced portfolio search functionality and document management tools
- Historical underwriting data and medical record/prescription drug access
- Easy to use interface with ability to download information into Microsoft Excel
- Access to our experienced premium optimization team with a 400 product library

“We’ve experienced tremendous growth in our servicing business over the last two years and are happy to provide our clients with access to 21CONNECT, a system with unique capabilities to help them improve the value of their insurance portfolios,” added Kurt Gearhart, CEO of TwentyFirst.
